Success Story

James River Church was in search of a camera system to track people day and night for campus safety. Helixeon deployed VIVOTEK MS9390 cameras at key transit areas.

The 180° panoramic view of the MS9390 cameras covered wide areas and reduced false alarms with their AI-powered detection.

Rick Dale from Helixeon stated that the customer no longer had to worry if a PTZ was pointed in the right direction, and they plan to utilize VIVOTEK cameras at all of their campuses.

Singapore School, Pantai Indah Kapuk in Indonesia

A total of 31 VIVOTEK cameras were deployed in SIS-PIK. VIVOTEK solutions offered immediate benefits. The new surveillance system is not only user-friendly, allowing new users to get up to speed quickly, but also by using 180°/360° panoramic enterprise-level network cameras, FE9391-EV and MS9390-HV they saved on costs instead of installing multiple

The National Center for International Schools (NCIS)

"Clear video from VIVOTEK's cameras have been of great assistance to NCIS and the San Francisco Police Department in the course of investigating a wide variety of security and safety incidents, including some criminal activity," -- Daniel Klingebiel, NCIS Executive Director.
